40W LED VANDALPROOF IK12

LINEAR BATTEN LIGHT

The ExcalibreVP batten range combines the energy-efficiency of a high performance LED array with a robust, tough IK12 shell and a shatterproof, high-impact polycarbonate diffuser to offer brilliant illumination whilst providing a high resistance to vandalism.

The indestructible metal chassis, tamperproof stainless steel fixings and reinforced construction ensures that the luminaire will resist extreme levels of force and is well suited for high security environments such as corrections facilities, prisons, mental health institutions and tunnels.
